2021-2022...February 19 (CowleyCollege-KS) ...STARTER. Solid. Defends well. Shot selection good. Most of her scoring has been from three. Has put up 282 shots coming into this game and 217 have been from three, and 14 of her 15 shots attempted in this game were from three. Form is good and has release that is pretty quick. Quickness is above average to maybe good. Catch and shoot with pretty quick release. Needs more upper body strength. Seems to have a good feel for the game. Did not see her as a great ball-handler and particularly needs to get better going to her left on the dribble. Not one to put on the floor and drive it which is indicative of only going to the line 18 times this season. <b>TRANSFERRED TO RANGER.</b>																									
2022-2023...January 2 (NewMexicoJuniorCollege) ...Projected at level 8 as a freshman while playing at Cloud. Stats in blue reflect her time there. Speed and quickness is above average to good for guard. Not an effective penetrator but is always ready to shoot the three and as a freshman shot 35.5%. Frame is good. HAS NOT PLAYED SINCE JANUARY 4.

2022-2023...January 2 (NewMexicoJuniorCollege) ...No stats while at Lawson State. Small point guard with very good to excellent quickness and speed. Needs to get stronger and add some weight. Nice step-back move off the drive to create her shot. Has the quickness to drive it by her defender. Free throw form needs work. <b>February 20 (@WeatherfordCollege-TX) ...STARTER...</b> Averaging 9.6 ppg and 4 rebounds coming into this game. Length is good. Needs to widen her base on her free throw, more knee bend, and drop her left foot back. Only hitting 64% from the line. As the point guard needs to cut down on her turnovers.

2020-2021 ... March 15 (WeatherfordCollege) ...Very good free throw form. Speed and quickness is above average to good. Strength of her game is shooting but is not hitting a great percentage from beyond the arc. Needs to get stronger and add a few																									
2021-2022...November 1 (BlinnCollege-TX) ...Starter. Small shooting guard with decent strength. Shot the ball poorly in this game going 2-13 from the field and 1-8 from three. Did a good job of setting up on balance to get her shot off, and didn't really force anything, just didn't hit them. <b>February 7 (Grayson College-TX) ...STARTER.</b> Needs to develop her left hand on the dribble. Needs to shorten her stance some on her free throw. Seems to have a good feel for the game. Speed and quickness is better than first observed and would call it good. Plays hard.																									

**2022-2023...January 2 (NewMexicoJuniorCollege) ...STARTER...** Projected at level 8 as a freshman. Free throw form is good. **STARTER...** Has put up 294 shots and 166 have been from three (32.4%). Has gotten to the line 57 times and converted 87.7% of her attempts, and is averaging 12 ppg while starting all 25 games. Is ready to shoot when she receives the ball beyond the three line and shoots it with good balance, good form, and quick release. Quickness is good but doesn't have the great quickness to create her own shot with dribbling moves or by driving it by her quick defender.

Shooting percentages from all levels needs to **STARTER...** Rhythm on her free throw needs to smooth out with a little more knee bend. Form on her three is good. Only hitting 55% from the line. Quickness is good. Okay frame.

**2021-2022...November 1/26 (BlinnCollege-TX/BossierParishCC-LA) ...Starter.** Moves and cuts need to be harder. Free throw form needs work. **February 7 (Grayson College-TX) ...STARTER.** Strength is good. Nice frame. Not a threat from three. Floor speed is above average to good. Didn't see much out of her in this game. Decent length.

**2022-2023...January 2 (NewMexicoJuniorCollege) ...STARTER...** Did not project as a freshman. Doesn't have great athleticism. Tends to react too much. Not sure how fundamentally sound she is. Tends to make a lot of physical and mental errors. **February 20 (@WeatherfordCollege-TX) ... STARTER...** Averaging 8.3 ppg and 4.5 rebounds coming into this game. Needs to run the floor hard and not just job in transition. Lateral quickness is lacking to cover well on the perimeter. Needs to develop her left hand on the dribble. Face-up from 12-15' has good form. Not very tough.

**2021-2022...November 2 (WesternOklahomaState) ...Starter.** Stroke from three is solid. Floor speed is good to very good. Strength is good. **January 13 (PrattCC-KS) ...Pull-up jumper from 15' has good form.** Free throw form is very good. **February 14 (IndependenceCC-KS) ...Very good quickness.** Lateral quickness is very good and covers well defensively. Even though stroke from three has good form, will need to shoot a better percentage to be effective from there. **04-07-22 PER COACH: UNSIGNED AND AVAILABLE.**

**2022-2023...January 2 (NewMexicoJuniorCollege) ...STARTER...** Projected at level 8 as a freshman while at Dodge City. Shoots her shot from a little too far in front of her face, otherwise good form. Speed and quickness is good to very good. Handles it well going right or left. Frame is good. **February 20 (@WeatherfordCollege-TX) ...Not a prolific scorer but shoots the ball well.** Strength is good. Transition speed is good. Length is good.

**2022-2023...January 2 (NewMexicoJuniorCollege) ... STARTER...**Needs to tone and tone and drop 10-15 pounds. Length is good. Moves well, but weight hampers her ability to run the floor effectively. Needs to run the floor harder. **February 20 (@WeatherfordCollege-TX) ... STARTER...** 10.8 ppg and 6.8 rebounds through 25 games. Jumper off the post move going to her right shoulder is pretty rough and doesn't elevate much at all. Needs to drop her left foot back some on her free throw where she is shooting 64%. Has pretty good hands and when she gets the rebound is strong with it. Likes to step out and shoot the three and is capable of hitting them. Post moves are slow and mechanical. Reacts too much to the calls.
