Speed is the straight-ahead velocity of a person or how fast a person can run forward (also known as sprinting).

Agility is the ability to start (accelerate), stop (decelerate and stabilize), and quickly change direction while maintaining proper postural alignment.

2022-2023…November 17 (NortheasternOklahomaA&MCollege) …Speed and quickness is above average. Can catch and shoot from the perimeter and get it off very quickly and with good form. *December 13 (PanolaCollege-TX)* …STARTER…Frame is good but needs to tone and firm up. Free throw form is good. *January 9 (EasternOklahomaStateCollege)* …Tone, firm up and get stronger. Limited athleticism. *NationalTournament…March 23 (McLennanCommunityCollege-TX)* …Tough for her to cover on the perimeter. **TRANSFERRED TO MINERAL AREAL COLLEGE-MO.**

2023-2024…January 24 (@CrowderCollege-MO) …Projected at level 8 as a freshman while at Murray State in Oklahoma. As a freshman primarily put the ball up from beyond the arc, attempting 208 field goals with 177 being from three. Offense remains the same, as she looks to score from three and not be a penetrator. At this point in the season has put up 176 shots and 146 have been from three. Averaging just over 9 ppg. Does have nice form on her three. As a combo guard, needs to be quicker to play at the higher levels and be more versatile. Lacks lateral quickness to cover the quick perimeter player. Does get her three off fairly quickly, but needs to start her shot higher in the pocket.

2022-2023…November 4-5 (HutchinsonCommunityCollege-KS/BartonCommunityCollege-KS) …STARTER…Lefty who needs more upper body strength. Shot from three has good form and gets it quickly but backspin is not true. Speed and quickness is above average to good. Did not shoot the ball well at all in the second game going 1-11 from the field (0-6 from three). For 2 games went 3 for 21. *November 18-19 (JeffersonCollege-MO/ThreeRiversCommunityCollege-MO)* …STARTER…Starts her motion on her free throw from the right side of her body and brings up through right side. Needs to get stronger. Needs to get better going right on the dribble. Game needs more aggressiveness. Not good against pressure. *February 4 (StateFairCommunityCollege-MO)* …Needs to shoot the ball better in order to project higher. Hitting 32% from the field and 24% form three.

2023-2024…January 24 (@CrowderCollege-MO) …STARTER…Projected at level 7 as a freshman. Coming into this game is averaging 15 ppg and is shooting 28% from three on 121 attempts. Lefty with very good stroke from three but needs to raise her season percentage. Started the game hitting her first 3 straight from beyond the arc and wound up hitting 4-7 for the game. Did not see her bringing the ball up to the right side as pronounced as was observed as a freshman. Quickness is good to very good. Runs the floor well. She will put on the floor and penetrate, but looks to shoot the three opposed to driving it to the basket. Is willing to do so, but did not see her as a great distributor if the defense collapsed on her when driving it. Does have the ability to create her own shot beyond the arc with her ball-handling ability. Plays hard and plays very good defense with very good lateral quickness.

2023-2024…January 24 (@CrowderCollege-MO) … **STARTER**…Free throw form is good. Needs more upper body strength. Lateral quickness is above average. Catch and shoot from three has quick release and good form, and also uses the perimeter pick to get open to shoo the three. Has only put up 42 for the year and has hit almost 36%. Lateral quickness is pretty good and maintains good position. Seems to have a good feel for the game. Struggles at the line and only shooting 50% from there.

Strength	Agility	Passing	Jumping	BB IQ	Shot Selection

2023-2024…January 24 (@CrowderCollege-MO) … **STARTER**…Has okay frame but may need to tone and firm up. Wears knee brace on left leg. Quickness is good. Handles it well with the ability to go right or left and pushes the break well. Has a quick release on her shot from beyond the arc, but doesn't look to score from there very often. Sees the floor well and delivers the pass to the open player. Plays good pressure defense for 94' and does it well. Sees the floor well and does a very good job of distributing the ball to the open player. Doesn't look to score a lot but runs the team quite well. Needs to be careful about picking up her dribble and then having nowhere to go with the ball.

2022-2023…November 4-5 (HutchinsonCommunityCollege-KS/BartonCommunityCollege-KS) …STARTER…**Free throw form is good. Frame is good but needs to tone and tighten up. Will step out and shoot the three and form is good. Game needs to become more aggressive. Post defense needs to become more aggressive and needs to play better post position on defense. Can handle it going left with her left hand. Needs to run the floor harder. Has a little deceptive quickness. Has some game and will be good to watch her again.** *November 18-19 (JeffersonCollege-MO/ThreeRiversCommunityCollege-MO)* …**Saw some decent lateral quickness on the perimeter. Needs to be stronger coming down with the rebound and not allow it to be knocked loose from her hands. WILL BE RETURNING.**

2023-2024…January 24 (@CrowderCollege-MO) …Projected at level 7 as a freshman. Averaging 7.5 ppg. Lateral quickness is lacking to cover well on the perimeter. Doesn't have great athleticism and jumping ability is above average. Needs to become a better boarder and then be able to stretch the defense by becoming a better perimeter shooter. Decent length. Doesn't put up a lot of three's but it has good form when she does.

2023-2024…January 24 (@CrowderCollege-MO) …STARTER…Through 19 games is averaging 8.4 ppg and 5.3 rebounds. Frame is good. Needs to tone, firm up, and get stronger. Struggles holding her position against post players her size. Runs the floor a little awkward but floor speed is above average to maybe good. Plays with some aggressiveness on the post but needs to move her feet better to be in a position to deny the entry post pass. Tends to lean to much on the post player she is defending. Jumping ability is average to maybe above average, and does not have a lot of athleticism. Size gets her rebounds, but needs to react better to the ball coming off the boards.

2023-2024…January 24 (@CrowderCollege-MO) …**STARTER**…Is undersized, but will play some on the post. Needs more upper body strength and additional weight but has the frame for it. Coming into this game is averaging 7.9 ppg and 8.7 rebounds per contest. Has very good athleticism. Jumps well. Quickness is very good and lateral quickness is good. Needs to finish better down low off the block. Needs to develop her mid-range shooting game.

Strength		*Agility*		*Passing*		*Jumping*		*BB IQ*		*Shot Selection*	

2023-2024…January 24 (@CrowderCollege-MO) …Unversed post player who is pulling down 8.5 rebounds a game. Came in off the bench. Length is very good. Free throw has too much left hand in it and cocks the ball over the top of her head. Needs to make it one, smooth, easy motion. Frame is good and has good strength. Move from the high post is a little awkward and needs to gather herself and go straight up for the 12' shot in the paint. Drops her left foot too far back on her free throw. Face-up form on jumper from 15' needs to be refined. Post defense not bad as she does move her feet some and gets arm around on the side to deny the entry pass.
