2022-2023...NationalTournament...March 22 (MoberlyAreaCommunityCollege-MO-MO) ...Frame is good but needs to tone and firm up. Transition speed is above average. Lacks the quickness to drive it by her defender and create her own shot. Athleticism is above average. Jumping ability is average to above average. Coming off the knee injury, only began playing consistently February 11. Will be interesting to see where she is next season after knee has completely healed.

2023-2024...November 15 (@RedlandsCommunityCollege-OK) ...Did not project as a freshman. Looks to have gotten stronger, lost some weight, and firmed up. Doesn't look to score a lot but shoots the three with very good form but still backspin is off at times. Free throw form is okay. Backspin is a little off. Basketball I.Q. is good. January 17 (@HutchinsonCommunityCollege-KS) ...STARTER...Coming into the game is averaging 12.4 ppg and hitting 35% from three on 51 attempts. Plays with good poise and directed traffic well on both ends of the floor. Did commit too many unforced turnovers in this game. Sees the floor and is averaging almost 6 assists a game. Quickness is good. February 3 (@CowleyCollege-KS) ...STARTER...Tends to drop her right shoulder a little on her shot which throws the true backspin off. Did a good job of handling the pressure. Needs to develop her left hand on the dribble. Coming into this game was shooting the ball well at all three levels, but did not have a particularly productive outing and only got off 4 shots inside the arc. Handled the press well.

2023-2024...November 15 (@RedlandsCommunityCollege-OK) ...Needs to get stronger and add some weight. Free throw form needs work. Runs the floor well. Once she gets the ball on the post, primarily only wants to go to her right shoulder. Move has some quickness to it, but needs to gather on go up instead of broad jumping. January 17 (@HutchinsonCommunityCollege-KS) ...Lefty with very good length. Finished well in this game during the first half. Upside is good but will have to get stronger and gain some weight to be effective at the next level. Move off the post has good quickness and gets to the low block quickly, Quickness is good to very good. Has very good jumping ability. Even with lack of weight, does a good job of holding position on the post against strong contact. Executed a nice crossover move going back to her right and finished. Not sure how effective she is facing up for the 12-15' jumper. Very good upside. February 3 (@CowleyCollege-KS) ...STARTER... Through twenty-one games is averaging 12.2 ppg and 10.1 rebounds. Quick jumper. Elevates well on her low block jumper and uses the board well. Was the primary "go to" player in this game and responded by doubling her scoring average and almost tripling her rebounds. Played well against defender her size and quickness.

2023-2024...November 15 (@RedlandsCommunityCollege-OK) ...STARTER...Excellent length. Plays with back to basket and can operate effectively going right or left. Jumps very well. Runs the floor with ease and with good speed. Quickness is very good. Needs to learn to catch on the post and kick out quickly and reestablish position. Footwork after receiving the ball on the post needs work. Has a lot of natural ability, but isn't comfortable with the double team on the post. January 17 (@HutchinsonCommunityCollege-KS) ...STARTER...Through 16 games is averaging 12 ppg and 9.8 rebounds. Needs to run the floor harder. Free throw form is pretty solid but needs to put her toe on the line. Needs to play more on the side defensively to deny the pass rather than poking at the ball. Great upside. February 3 (@CowleyCollege-KS) ...Through 20 games is averaging 13.8 ppg and 10.5 rebounds a game. DNP, OUT WITH CONCUSSION PROTOCOL.

2022-2023...November 4-5 (NortheasternOklahomaA&M/MineralArea-MO) ...Frame is good but a more upper body strength would be helpful. Can step out beyond the arc and shoots the three with very good form but doesn't seem to be grooved at this point. Free throw form is good. February 1 (@ IndependenceCommunityCollege-KS) ...HAS NOT PLAYED SINCE DECEMBER 3.

2023-2024...November 15 (@RedlandsCommunityCollege-OK) ... Did not project as a freshman. Nice frame. Stroke from three has very nice form and pretty quick release. Needs to get stronger in upper body. January 17 (@HutchinsonCommunityCollege-KS) ...STARTER... Coming into this game is averaging 12.4 ppg and 5.8 rebounds. Quickness is above average to good. Can run the floor with above average to good speed. Plays primarily on the perimeter and would like to see her become more active in and around the basket. Was only able to play in 16 games as a freshman and look for her game to get better as the season progresses. One to keep an eye on. February 3 (@CowleyCollege-KS) ...STARTER...A little heavy-legged and trimming a few pounds in lower body could be beneficial to her. Primarily wants to play on the perimeter and 160 of her 211 field goal attempts have been from three. Developing more in the mid-range area could bump her value.

2022-2023...November 4-5 (NortheasternOklahomaA&M/MineralArea-MO) ...Shoots her free throw with a little shot put motion and needs more wrist and finger snap. Runs the floor well. Needs more upper body strength. Not real athletic and a little awkward in some of her movements. NationalTournament...March 22 (MoberlyAreaCommunityCollege-MO) ...Only made an appearance in this game.

2023-2024...November 15 (@RedlandsCommunityCollege-OK) ...Did not project as a freshman. Runs the floor well. Needs more upper body strength. January 17 (@HutchinsonCommunityCollege-KS) ...Primarily a role player. February 3 (@CowleyCollege-KS) ...STARTER... Needs to gain some weight. Have not seen her to be a solid offensive threat.
