February 10 (@HutchinsonCommunityCollege-KS) ...STARTER... Quickness is good. Didn't see blow by quickness. Okay strength. Needs to become a better shooter. Has put up 118 from three but only hitting 25%.

2023-2024...November 4 (NorthernOklahomaCollege-Tonkawa) ...Slender 2/3 who needs to get much stronger and add some weight. November 21 (@CoffeyvilleCommunityCollege-KS) ...Stroke from three has good form. February 10 (@HutchinsonCommunityCollege-KS) ...STARTER...Quickness is good, but not great. Doesn't have the quickness or ball-handling ability to create her own shot. Has put up 66 from beyond the arc but only hitting 26%.

2023-2024...November 4 (NorthernOklahomaCollege-Tonkawa) ...STARTER...Slender guard who needs to add some weight and get stronger in upper body. Quickness is good but not point guard quickness. Needs to play better defense. Ball-handling skills need to get better. To tentative and game needs to get much more aggressive. Point guard feel for the game is lacking. November 21 (@CoffeyvilleCommunityCollege-KS) ...STARTER...Stroke from three has good form. February 10 (@HutchinsonCommunityCollege-KS) ...STARTER...Through 22 games is averaging 12.8 ppg. Will shoot the three and has a quick release but shoots it a little off the side of her face and needs better rhythm. Will put on the floor and drive it. Free throw form is good. May be a little quicker than previously observed and can hang with the quick guard. Did a good job of fighting over the pick defensively. Handles it well but turned it over too much. Has another gear when taking it to the rim. Needs to get better dribbling with her left hand.

2022-2023...November 22 (IndependenceCommunityCollege-KS) ...STARTER...Slender post player who needs to add more strength in upper body. Nice turn-around jumper from 12'. Works hard to get post position. Will need to learn how to keep the defender on her hip with better foot movement and not try to hold position with her arms. Has good athleticism. Upside is very good even though this was not a strong outing. After setting the high post pick rolls to the basket quickly and under control to finish. Tries to block too many shots and gets her into foul trouble which limited her playing time in this game. Came into the game averaging 12 ppg. **January 4 (@ CoffeyvilleCommunityCollege-KS) ...STARTER ...**Has the lateral quickness to cover defensively. Her drive to the rim is not very smooth and athletic but can be effective. Needs to learn to gather and elevate on her attempt and not broad jump through the shot. When facing up, shot from 6-12' doesn't always have a true backspin, part of that being hand position on the ball. Free throw form needs some work to raise the percentage, but did go 4-4 in this game. Post moves are not necessarily pretty, but was effective in this game going 9-21 and having a season high 25 points.

2023-2024...November 4 (NorthernOklahomaCollege-Tonkawa) ... STARTER...Projected at level 5/4? as a freshman, but did not see that in this game. Looks stronger as a sophomore. Tends to reach over the top when rebounding and picks up silly fouls. Rotation on her free throw is off. Should have dominated in this game and didn't. **November 21 (@CoffeyvilleCommunityCollege-KS) ...STARTER...**Touch around the basket needs to get better. Tends to bang the ball off the board. Needs to find a spot at the free throw line and shoot it from there each time. Stands behind the line 8-10". **February 10 (@HutchinsonCommunityCollege-KS) ...STARTER...**Through 22 games is averaging 15.2 ppg along with 13 rebounds. **HAS COMMITTED TO WICHITA STATE UNIVERSITY.** Great length.

2022-2023...November 22 (IndependenceCommunityCollege-KS) ...Nice frame. Questionable shot selection from beyond the arc. Has a little hitch in her free throw. Post defense needs to get better. Plays a little too soft. January 4 (@ CoffeyvilleCommunityCollege-KS) ... 2022-2023...November 22 (IndependenceCommunityCollege-KS) ...Nice frame. Questionable shot selection from beyond the arc. Has a little hitch in her free throw. Post defense needs to get better. Plays a little too soft. January 4 (@ CoffeyvilleCommunityCollege-KS) ... Shot from the perimeter has a hitch in it and drops it too low on the pocket slowing the release down, but give her time and not get up on her defensively she can score. Needs to maintain defensive position and not let the offensive player drive by and then try to block her shot. Has some success blocking shots but needs to square up and move her feet. Not a banger at this point and needs to become more of a force in the rebounding game. Only pulling down 4 rebounds a game through 15 games. Was effective off the bench in this game going 4-5 from the field (1-2 from three). With additional experience could become a pretty good prospect.

2023-2024...November 4 (NorthernOklahomaCollege-Tonkawa) ... STARTER...Projected at level 7 as a freshman. Came in off the bench. Needs more upper body strength. **November 21 (@CoffeyvilleCommunityCollege-KS) ...Free throw form is solid. February 10 (@HutchinsonCommunityCollege-KS) ...Runs the floor well. Needs to play with more intensity. Plays too soft. Hands may be a little questionable. Size will get her some level 7 looks.**

2022-2023...November 22 (IndependenceCommunityCollege-KS) ...STARTER...Free throw needs more wrist and finger snap and a little less arm. Not sure how fundamentally sound she is. Has decent frame. **January 4 (@ CoffeyvilleCommunityCollege-KS) ... STARTER ...**Frame is good. Speed and quickness is above average to good. To this point has not been a real threat from three and is shooting just under 20% on 31 attempts. From the perimeter is doing a good job of rebounding averaging just under 6 per game.

2023-2024...November 4 (NorthernOklahomaCollege-Tonkawa) ...STARTER...Did not project as a freshman. Free throw form needs a little better rhythm and she tends to drop her right shoulder. Skills are lacking. **February 10 (@HutchinsonCommunityCollege-KS) ... STARTER...** Through 22 games is averaging 15.3 ppg and pulling down 8.3 rebound every contest. Quickness is good. Not a great leaper.

2022-2023...November 21 (MurrayStateCollege-OK) ... STARTER... Undersized post who could stand to trim and drop 10 pounds in waist and hips. Moves pretty well though for her size, and for size has good mobility. Jumping ability is not bad. Goes hard to the boards. Used the board well off the low post area and showed a couple of post moves that were executed soundly. Effectiveness offensively is 15' and closer. November 29 (@NorthernOklahomaCollege-Tonkawa) ...STARTER...Struggled inside offensively when defense doubled down. Turned it over too easily. Was not very effective down off the low block area. January 12 (NortheasternOklahomaStateA&M) ...STARTER... Free throw form not bad, motion is a little quick though. Will make a post move but is pretty rough looking. Strength is good but would be more effective losing the weight. Plays hard. January 19 (SeminoleStateCollege-OK) ...Does a pretty good job preventing the post entry pass and will pick it off if ball not thrown to open side of defender. Does have some deceptive quickness.																			
2023-2024...November 4 (NorthernOklahomaCollege-Tonkawa) ...Evaluation and stats in blue are from her time at Northern Oklahoma College-Enid. Needs to tone and drop 15 pounds. Limited jumping ability. Transition speed up and down is average. November 21 (@CoffeyvilleCommunityCollege-KS) ...STARTER...Has the bulk to bull her way to the rim but needs to do a better job of finishing. Limited athleticism. Moves off the post are pretty slow and mechanical. HAS NOT PLAYED SINCE NOVEMBER 26.
