2023-2024…February (@MurrayStateCollege-OK) …Stocky guard who comes in off the bench. Needs to develop her left hand taking it to the basket. Free throw form is good. Primarily wants to drive it to the basket and tends to force the shot. Not going to hurt you from three as she is only 2-26 from beyond the arc. *February 12 (@NorthernOklahomaCollege-Enid)* …Will need to become a better shooter in order to project higher.

2022-2023…December 6 (TrinityValleyCommunityCollege-TX) … Lefty guard who has good strength and good frame. *January 9 (@ MurrayStateCollege-OK)* …STARTER… Has the ability and quickness to create her own shot. *January 26 (@ SeminoleStateCollege-OK)* …STARTER…Length is good. Speed and quickness is very good. Did not show the ability to shoot the three. Attempted 28 and only converted 21% from beyond the arc. As a point guard, needs to take better care of the ball.

2023-2024…February (@MurrayStateCollege-OK) … STARTER…Lefty who projected at level 7 as a freshman. Has the floor speed to push the fast break well. Shooting the three much better than as a freshman. Free throw form is good. Quickness is good. Would like to see her play with more intensity. *February 12 (@NorthernOklahomaCollege-Enid)* …STARTER…Shoots the ball pretty well, but will also look to distribute when shot is not there. Quickness is very good. Puts good zip on her passes. Lateral quickness is good to very good.

2022-2023…January 9 (@ MurrayStateCollege-OK) …Needs more upper body strength. Effective coming off the bench offensively averaging 7 ppg. *January 26 (@ SeminoleStateCollege-OK)* …Free throw form needs work. Off the bench, put up 225 shots hitting 36% of them. Will shoot the three but did not prove to be a formidable threat from there (12-47 for 25.5%).

2023-2024…February (@MurrayStateCollege-OK) … **STARTER**…Projected at level 8 as a freshman. Slender guard who needs more weight and strength. Speed and quickness is good. Free throw form is okay, but has too much arm motion and drops her right shoulder. Had limited production in this game. *February 12 (@NorthernOklahomaCollege-Enid)* …**STARTER**…Needs to raise her shooting percentages. Starts her shot from beyond the arc down around her waist. Has good athleticism.

2023-2024…February (@MurrayStateCollege-OK) …**STARTER**…Very nice stroke from three. Needs to get stronger and add weight but is a hard-nosed kid. Plays hard on both ends of the floor. Average athleticism. Runs the floor hard and with good up and down speed. Plays with some aggressiveness. Seems to have a good feel for the game. Needs to raise her percentage shooting the three. Not afraid to take it to the rim but needs to finish better. Had 25 points in this game while going 1-6 from three. Most of her scoring came from off the drive. *February 12 (@NorthernOklahomaCollege-Enid)* …**STARTER**…Free throw has too much left hand in it and being a driver, will find herself at the line quite a bit. Needs to raise her free throw percentage. Will get you hustle rebounds.

2023-2024…February (@MurrayStateCollege-OK) …Frame is good. Floor speed is above above average. Free throw form is good. Will surprise you how well she moves her feet on perimeter defense. Has the size to do so, but needs to rebound stronger. Offensive game will need to get better. When she makes her move to the rim tries to shoot a scoop shot and is not very successful with it. Execution of her post moves need work. Jumping ability is above average. Free throw form is pretty good. Needs to learn where the defense is when she receives on the post. *February 12 (@NorthernOklahomaCollege-Enid)* …**STARTER**…Large majority of her shooting is in the paint and off the low block and needs to convert much better from that position. Footwork inside on the post needs work. Moves are awkward. Post defense needs to improve. Needs to be more consistent.

2022-2023…January 9 (@ MurrayStateCollege-OK) … STARTER… Needs more upper body strength and tone and tighten up. Averaging 11.5 ppg and 6.6 rebounds per contest. Free throw form not bad. Has the shoulders to get stronger in upper body. Quickness is above average. Transition speed is above average, but could run harder. Needs to play with more aggressiveness. Has decent mobility. Has the ability to face-up or go inside with back to basket. Has some upside and needs experience minutes. *January 26 (@ SeminoleStateCollege-OK)* …STARTER…Transition speed is above average to good. Needs to develop her left hand. Averaged 10 ppg and 6.5 rebounds for the year. Has some upside and one to keep an eye on as a second year player.

2023-2024…February (@MurrayStateCollege-OK) …**STARTER**…Projected at level 6 as a freshman. Still needs more upper body strength. Floor speed is above average. Still needs more upper body strength and a lot of weight. Face-up jumper from 15' has good form. Stroke from three has good form. Floor speed hasn't improved. Perimeter defense is average in that her lateral quickness is lacking. Changing her projection as just didn't see level 6 play from her. *February 12 (@NorthernOklahomaCollege-Enid)* …**STARTER**…Has the jumping ability to rebound, but increased strength is needed to be able to bang inside with stronger players.
