2023-2024...November 16/17 (HillCollege-TX/PanolaCollege-TX) ...Slender guard who has excellent floor speed. Needs to get stronger and add some weight. Needs to smooth out her free throw. Very good quickness. Jumps well. November 24/25 (NorthwestFloridaStateCollege/AngelinaCollege-TX) ...STARTER...Lateral quickness is very good. Plays hard on both ends of the floor. Really works hard on defense and has excellent quickness. February 19 (@ClarendonCollege-TX) ...Free throw still has too jerky of a motion. Move to the basket has excellent quickness. Floor speed is very good. Has not proven herself to be a very good shooter. Shooting will need to improve in order to be effective at the next level.

2022-2023... November 26 (PanolaCollege-TX) ...Two guard with decent strength. March 9 (HillCollege-TX) ...Contributes some coming off the bench, but is a role player on this team.																						
2023-2024...November 16 (HillCollege-TX) ...STARTER...Frame is good. November 24/25 (NorthwestFloridaStateCollege/AngelinaCollege-TX) ...STARTER... February 19 (@ClarendonCollege-TX) ...STARTER...Shooting under 30 percent from mid-range and from three, and shooting will need to get better.

2023-2024...November 16 (HillCollege-TX) ...STARTER...Free throw form is very good. November 24/25 (NorthwestFloridaStateCollege/AngelinaCollege-TX) ... February 19 (@ClarendonCollege-TX) ...STARTER...Shoots her perimeter shot with too much left hand and is only shooting 25% from beyond the arc. That conversion rate went down after this game going 0-8. Speed and quickness is good.

2023-2024...November 16 (HillCollege-TX) ...Only played 11 games as a freshman. Needs to get stronger in upper body. Quickness is very good. Jumper from 15' has good form. February 19 (@ClarendonCollege-TX) ...STARTER...Free throw form has good form. Floor speed is good. Will put on the floor and drive it, and if defense cuts off her drive, will go up with the short jumper. Transition speed is good. Her game has some positives to it, but has not proven to be a good shooter from the 3-point line or from mid-range.

<p><b>2023-2024...November 16 (HillCollege-TX) ...Lengthy 3/4 who has very good strength and very good length. February 19 (@ClarendonCollege-TX) ...STARTER...Needs to tone and firm up. Stroke from three has good form and was 3-7 in this game, but needs to shoot a better percentage for the season. Has a lot of upside. Floor speed is good. Quickness is above average to good. Played hard and has some aggressiveness to her game, but at times a little over-aggressive. Has okay jumping ability, but not great. Another year of experience will be valuable for her.</b></p>

<p><b>2023-2024...November 16 (HillCollege-TX) ...Good frame with good strength. Face-up shot from 15' needs form work. Length is okay. Free throw form is good. Needs to develop shot with her left hand around the rim. Struggles covering defensively 15' and further out. February 19 (@ClarendonCollege-TX) ...Runs the floor well. Free throw needs a little adjustment. Continues to guard too close and reach and make silly fouls. Plays with some aggressiveness on the boards. Shooting needs to improve. Has not shown to be a threat from three, and needs to raise her free throw percentage.</b></p>

<p><b>2023-2024...November 16 (HillCollege-TX) ... STARTER... Good frame, but could stand to tone and drop 10-15 pounds. Transition speed is average. Doesn't have great athleticism. Free throw needs more knee bend and she tends to just flip it. Struggles scoring in close to the basket. Tries to do too much for the skills she has. Needs to soften her touch on her shot, particularly around the basket as she tends to bang it off the board. November 24/25 (NorthwestFloridaStateCollege/AngelinaCollege-TX) ...STARTER... February 19 (@ClarendonCollege-TX) ... Strength is very good. Too much left hand in her shot and very inconsistent from beyond the arc. Needs to shoot better percentages, and would be more effective using her size inside. When she does go up inside she needs to slow down some. Jumping ability is limited. Turnovers has been an issue.</b></p>

<p><b>2022-2023... November 26 (PanolaCollege-TX) ...Very good frame. Runs the floor well but needs to be more consistent doing it. Starts her motion way too low on her free throw. Needs to play more aggressively on defense. Doesn't move her feet and allows offense to drive by her. Very good length. Very raw and will need playing time to develop. Size right now is her upside and time will determine if she will develop enough to be a good prospect. At this point her offensive game is not very strong at all. February 4 (MidlandCollege-TX) ...Offensive game has improved from the beginning of the year. March 9 (HillCollege-TX) ... Needs to develop her touch from off the low block area. Doesn't play smart post defense. Has gotten better at all phases of the game but another year of experience will be important for her and if she develops in the off-season as she has through the year will become a good prospect.</b></p>																						
<p><b>2023-2024...November 16 (HillCollege-TX) ...STARTER...Projected at level 7/6? as a freshman. Very good frame. Presents a big target inside. Commits silly fouls trying to block shots. Not proficient around the basket with her size. Moves off the post are a little awkward. Off the post needs to turn and face up some and then make her move. Needs to finish better down off the low block. STARTER...Needs to learn to finish point blank with defenders hanging on her. November 24/25 (NorthwestFloridaStateCollege/AngelinaCollege-TX) ...STARTER... February 19 (@ClarendonCollege-TX) ...STARTER...Post defense is weak. Game is too soft. Size will get her level 5 looks. Keep looking for her to break out and become a force inside, but at this point have not seen it.</b></p>

<b>2022-2023...November 11-12 (GraysonCollege-TX/TrinityValleyCommunityCollege-TX) ...Stocky point guard with good quickness but not sure she has point guard quickness. Better suited as a 2 guard. Struggles against the full court pressure with lack of dribbling skills and quickness to get by defenders. Had numerous turnovers. Has a lot of left hand in her free throw but seems to have it grooved. March 9 (HillCollege-TX) ...Off the bench has been very average shooter.</b>																						
<b>2023-2024...November 16 (HillCollege-TX) ...STARTER...Projected at level 9 as a freshman. Stocky combo guard whose size will hurt her at the next level. Doesn't have the quickness to drive it by her defender. Does a decent job of handling the ball. Give her some time and can hit the three if uncontested, but if you cover her on the perimeter you will limit her effectiveness. Lot of left hand in her free throw but seems to have it grooved. November 24/25 (NorthwestFloridaStateCollege/AngelinaCollege-TX) ...STARTER... February 19 (@ClarendonCollege-TX) ... Has either lost a little weight or observation as stocky was incorrect. Does a good job of getting team into offense. Lateral quickness is lacking to cover the quick guard on the perimeter.</b>

<b>2023-2024...November 16 (HillCollege-TX) ...Very good length. Will put on the floor from the perimeter and drive it to the rim. Free throw form not bad but needs to get it grooved. February 19 (@ClarendonCollege-TX) ...Very limited playing time.</b>

<b>2023-2024...November 16 (HillCollege-TX) ...Runs the floor well. Posts up strong. Has good length. Free throw form needs a lot of work. Has the quickness to turn off the post and get to the rim but needs to finish better. Jumps very well. Post moves need work. Touch around the basket needs work as she tends to bang the ball off the backboard. Left hand shot off the low block needs to be developed. Plays hard. February 19 (@ClarendonCollege-TX) ...Needs to get stronger in upper body, but does have airy strength. Feet are too close together on her free throw. Passing skills need to improve. Game is disjointed and awkward and needs to get under control and smooth her game out.</b>
