2022-2023…November 9 (CollinCollege-TX) …STARTER…**Ball-handling skills need work. January 19 (@ NorthernOklahomaCollege-Enid)** …**Free throw form is very good. Needs more upper body strength. Very good transition speed. Sets up quickly off the dribble to get her perimeter shot off. Nice one-on-one move from the perimeter to create her own shot and get to the rim. Shooting almost 38% from three at this point in the season and averaging 11.5ppg. January 26 (EasternOklahomaStateCollege)** …STARTER…**Struggles covering the quick guard on the perimeter. February 9 (@ NorthernOklahomaCollege-Tonkawa)** …STARTER…**Needs to get stronger and add some weight. Form on her three is good. Leave her open and give her time can shoot the three well. Sees the floor well and dishes off the break to the open cutter with nice no-look pass. Has some point guard ability but needs to become more vocal and play with a little more intensity. To project higher needs to get stronger.**

2023-2024…January 8 (MurrayStateCollege-OK) …STARTER…Projected at level 7 as a freshman. Through 11 games is averaging 19.1 ppg and shooting the ball well. Still needs more upper body strength. Transition speed is very good. As she showed as a freshman, has the ability to score from mid-range and from beyond the arc. Puts up half of her shots from those ranges. Did not see her as a create slash type of player. Pretty solid fundamentally. *January 23 (@RedlandsCommunityCollege-OK)* …STARTER…Very good free throw form. Needs more strength and more weight. Did not observe ability to create previously, but she does have the ability to create her own shot from the perimeter and is hitting 39% of her 110 attempts. Very good to excellent quickness.

2023-2024…January 8 (MurrayStateCollege-OK) …STARTER…Through 11 games, is averaging 12.4 ppg and 6.3 rebounds. Not a threat from beyond the arc. Free throw has okay form. Has the quickness to drive it by her defender. Needs more upper body strength and additional weight. Quickness is very good. Needs to become a better ball-handler going left, and needs to develop different speeds to her game beyond straight line. *January 23 (@RedlandsCommunityCollege-OK)* …STARTER…Can push the break with excellent floor speed, but needs to get under control once she hits the offensive half-court area. Length is good. Reacts well to the ball coming off the boards. Very athletic. Doesn't look to score from the perimeter. Did face up and shoot the 15-17' shot and had good form.

2022-2023…November 9 (CollinCollege-TX) … STARTER…**Transition speed is very good. Decent frame. Has wiry strength. Shoots her free throw a little off the side of her face and is converting only 52.5% at this point. Not a threat from three. Only hitting 30% from the field. Strength of her game is taking it to the basket.** *January 26 (EasternOklahomaStateCollege)* …STARTER…**Passing skills need to get better.** *February 9 (@ NorthernOklahomaCollege-Tonkawa)* …STARTER…**Very good lateral quickness and plays very good perimeter defense. Coming into this game had only put up 2 shots from three and this part of her game will need to be developed. From mid-range only shooting 29%.**

2023-2024…January 8 (MurrayStateCollege-OK) … Came off the bench in this game, coming off concussion protocol. Projected at level 8 as a freshman. Free throw needs to smooth out as she has a hitch in it. Strength is okay but could stand to get stronger in upper body. Strength of her game is as a defender. Continues to be a very average shooter. *January 23 (@RedlandsCommunityCollege-OK)* …**STARTER**…Not a threat from beyond the arc. Primarily a role player on this team.

2023-2024…January 8 (MurrayStateCollege-OK) …Nice form on her three and will shoot them from deep. Needs to trim 10-15 pounds through the middle and hips and to be able to play at the next level this will need to be addressed. Transition speed is average to above average. Quickness is above average. *January 23 (@RedlandsCommunityCollege-OK)* …**STARTER**…Shooting needs to improve.

2022-2023…November 9 (CollinCollege-TX) …**Frame is good and has good strength. Can create her own shot with dribble moves and will step back and shoot the deep three. Length is very good. Has a lot of natural ability.** *January 19 (@ NorthernOklahomaCollege-Enid)* …**Has very good athleticism. Speed up and down the floor is above average to good. Quickness is good. A little too much shake and bake at times. Not afraid to take the shot at critical times. Will use her ball-handling skills and moves to create her shot but did not see her drive it to the basket.** *February 9 (@ NorthernOklahomaCollege-Tonkawa)* …**Has a lot of ability but not sure how good her basketball IQ is. Needs to tone and firm up. Has good jumping ability. More prone to look for her shot from three than take to the rim. Game will need to develop to play at level 6 effectively.**

2023-2024…January 8 (MurrayStateCollege-OK) …**STARTER**…As a freshman, projected at level 7/6?. Averaging 10.6 ppg through the first eleven games. Looks to have possibly picked up some weight, more than needed. Has a lot of natural ability but decision making is not always sound. Needs to tone and drop 10-15 pounds. Needs to develop more aspects of her offensive game and not just rely on perimeter shooting. In this game, did not see her do anything different than what she did as a freshman. Level 6 is a strong question. *January 23 (@RedlandsCommunityCollege-OK)* …DNP.

	Strength		Agility		Passing		Jumping		BB IQ		Shot Selection	

2022-2023… January 19 (@ NorthernOklahomaCollege-Enid) … STARTER…**Red-shirted at Dawson her freshman year. Needs to drop 10-15 pounds in middle and hips. Transition speed is average to above average. Big and strong. When she gets moving toward the basket, hard for her to change directions and tends to run over people. Up-tempo game is not her forte. Doesn't rebound real well out of her space. Weight limits her athleticism.** *February 9 (@ NorthernOklahomaCollege-Tonkawa)* …**Has too much left hand in her free throw and needs more knee bend. Trimming the weight will be critical for her in order to play at the next level. 05-31-23…WILL COME BACK FOR ANOTHER YEAR.**

2023-2024…January 8 (MurrayStateCollege-OK) …**STARTER**…For 22-23 season, projected at level 8. Red-shirted a year at Dawson Community College in Montana before coming to Seminole last year. Through the 11 games is averaging 11.5 ppg and 9.8 rebounds. Big bodied post player. Somewhat limited jumping ability, but will surprise you with her rebounding. Moves with good mobility for her size, but needs to drop some weight. Free throw still needs more rhythm with more knee bend. Not bashful about stepping out and launching her three. Form needs work as does her free throw. Gives a good target inside. Doesn't elevate on her post move but has a knack for being able to score and likes to shoot the left-handed scoop shot going to her right shoulder. *January 23 (@RedlandsCommunityCollege-OK)* …**STARTER**…Too much left hand in her free throw. Struggled when defense doubled down on her. Effectiveness would improve if she would drop 10-15 pounds. The question mark at level 6 became stronger with her play in this game.
