2022-2023...February 20 (@WeatherfordCollege-TX) ...STARTER...Frame is good. Shooting percentages on all levels needs to improve. STARTER.... Rhythm on her free throw needs to smooth out with a little more knee bend. Form on her three is good. Only hitting 55% from the line. Quickness is good. Okay frame.

2023-2024...November 26 (@ButlerCollege-KS) ...STARTER...Did not project as a freshman. Struggles against pressure bringing the ball up. Free throw okay, but dropping her left foot back some would line her up better and is shooting a better percentage from the line thus far in comparison to her freshman. December 16,17 (OdessaCollege-TX/KilgoreCollege-TX) ...STARTER...Drops her right shoulder some on her free three. Not a proficient offensive player, and through 12 games is only hitting 28% from the field on 90 attempts. January 20 (@PrattCommunityCollege-KS) ...STARTER...Floor speed is above average to good but doesn't just fly up and down the floor. Needs to develop her left hand on the dribble.

2022-2023...December 9 (RedlandsCommunityCollege-OK) ...STARTER...Handles it with some confidence, but did not see great speed and quickness. Nice job of keeping her head and eyes up against the pressure. Through 12 games has already put up 216 shots and hitting just 33.8%. From three is only converting 29.5% on 88 attempts. Is averaging 18.4 points a game but needs to shoot it better. Shot from three had good form on one attempt, but then saw a lot of arm motion in another attempt, dropping the ball too low which takes too long to get it off. Also has a little hitch in it. Needs to slow her free throw down a little and develop better rhythm. Frame is good. Doesn't have great lateral quickness, and the quick guard can drive it by her. Drove it from the perimeter and took the defensive contact and finished with a basket. February 22 (OdessaCollege-TX) ...STARTER...Averaging 16.5 ppg coming into this contest and is not shy about putting up the shots. She has attempted 478 shots, 210 being from three, and is shooting 33.1% from the field and 26.2% from three. Frame is good. Needs to tone and firm up. Handles it well. TRANSFERRING TO SEWARD COUNTY COMMUNITY COLLEGE.

2023-2024...November 26 (@ButlerCollege-KS) ...STARTER... Projected at level 7 as a freshman while at Frank Phillips. Doesn't not have the quickness to drive it by her defender. Lateral quickness is lacking to cover on the perimeter. Not seeing anything out of her game to change her projected level. Perimeter shot still has a hitch in it. December 16,17 (OdessaCollege-TX/KilgoreCollege-TX) ...STARTER...Free throw form needs more rhythm. Uses her picks out on the perimeter to help her get open to shoot the three. Pretty solid with her ball-handling. To project higher, will need to improve her shooting. Only hitting 25% from the field, and has put up 58 shots from three and has only connected on 17%. January 20 (@PrattCommunityCollege-KS) ...STARTER...Has a hitch in her shot from the perimeter and a release needs to be quicker. Lateral quickness isa step slow to cover the quick guard on the perimeter. Sees the floor and puts good zip on her passes, but sometimes tries to thread the needle and force the pass. Does a pretty good job of running the team.

December 16,17 (OdessaCollege-TX/KilgoreCollege-TX) ...Speed and quickness is good to very good. Not a threat from beyond the arc. January 20 (@PrattCommunityCollege-KS) ... STARTER ...Lateral quickness is good and covers well on the perimeter against the quick guard or wing. Also does a good job of fighting over the screen. Starts her free throw too low and then uses a lot of arm in the shot and follow-through, needs to start up in the pocket and use more wrist and finger snap. | | | | | | | | | | | | | | | | | | | | | | |

| 2022-2023... December3 (@ IndependenceCommunityCollege-KS) ...Shoot the the three well and with very good form. Is always in shooting position and is a very good shooter. Can stretch the floor with her outside shooting ability. Frame is good. Lopes up and down the floor and really did not see her sprint. Not sure how much faster she can run. On defense she tends to hop up and down rather than shuffling her feet and gliding. Doesn't have good athleticism. Has some upside and will see her again. January 7 (@ HutchinsonCommunityCollege-KS) ...Saw limited action in this game. Pressing up-tempo game may not be her best style. | | | | | | | | | | | | | | | | | | | | | | |
| 2023-2024... November 26 (@ButlerCollege-KS) ... STARTER ...Projected at level 6 as a freshman. Have not seen her put the ball on the floor an drive it. Moves around on the perimeter and looks to get herself open for the three. Last year 134 of her 155 attempts were from beyond the arc. To be effective at the next level will need to develop more diversity with her game. Needs to become more of a force on the boards. December 16,17 (OdessaCollege-TX/KilgoreCollege-TX) ... STARTER ...Floor speed is above average. Quickness is average to above average. Frame is very good with nice wide shoulders. Strength is good to very good. Seems to be streaky with her three point shooting. Shoots the three with too much weight on her left leg and needs to get it more on her right side. Still not seeing any mid-range shooting from her and to project higher will need to develop other parts of her offensive game. Shooting in the low 30's percentage wise, and with her size needs to become more active on the boards. January 20 (@PrattCommunityCollege-KS) ... STARTER ...Saw more cutting to the basket in this game than previously observed. Doesn't seem comfortable putting on the floor and then squaring and pulling up for the 15-17' jumper. When ball goes up, needs to crash the boards as strength and jumping ability could make her valuable as a rebounder. | | | | | | | | | | | | | | | | | | | | | | |

2023-2024...November 26 (@ButlerCollege-KS) ... STARTER...Stocky combo guard. Free throw form not too bad, but does shoot it from a little too far out in front of her face. Decent form on her three. Has okay handles but didn't see point guard ability to handle the ball. Floor speed is good. Quickness is good but did not see the ability to create her own shot. **December 16,17 (OdessaCollege-TX/KilgoreCollege-TX) ... STARTER...**Needs to get better going to her left on the dribble. Quickness going to the rim is a little deceptive. Will need to cut down on turnovers. Has put up 60 shots from three through 12 games but only hitting 25%. Was more effective offensively in the paint and off the low block in these two games observed. Strength is very good. **January 20 (@PrattCommunityCollege-KS) ...**Through 17 games is averaging 16.2 ppg. Rebounds it and goes right back up quickly for the put back. Jumper off the doesn't have good elevation. Needs to become a better defensive player and consistently screen out. Too much standing and looking. Above average athleticism. Finishing on the drive to the basket is somewhat awkward at times. Free throw needs better rhythm. Continues to need to raise her percentage from beyond the arc.

2023-2024...November 26 (@ButlerCollege-KS) ...STARTER...Free throw form not bad but needs a little more rhythm and more knee bend would help. Needs to run the floor harder. **December 16,17 (OdessaCollege-TX/KilgoreCollege-TX) ...STARTER...**Frame is good and has decent strength. Jumps well and rebounds very well. Ran the floor better than when first observed. Has a lot of upside, but was limited in playing time due to foul problems. Will need to see her again in order to be sure of her projection. **January 20 (@PrattCommunityCollege-KS) ... STARTER...**Through 16 games is pulling down 13 rebounds a game. Previously said okay frame, but needs more upper body strength and to add some weight. Has the jumping ability to score in close, but needs more strength to power up through defender. Free throw needs to smooth out and is almost turning too far to her left.
