Backspin on her three is off but was hitting them the first half of this game (had 5). Did cool off second half.Quickness is very good and can put on the floor and drive it. 2022-2023…February 6 (@CollinCollege-TX) …STARTER…**Has started 18 of 18 games currently averaging 14.4 and 10.9 rebounds. Very good frame and strength is good. Transition speed is good. Not a great leaper. Free throw needs better rhythm. Will need to become more proficient around the basket offensively and learn to power up through defenders to get her shot off. Missed to many low block shots. Needs to play with more intensity and more aggressiveness. Doesn't have great athleticism. Question her basketball IQ. Didn't handle the catch on the post and kick out to open perimeter player very well in this game. Offensive strength is off the low block area. Didn't see her step out to 15' and face-up for shot. Post defense needs work. Needs to more active and move her feet and do a better job of denying the post entry pass. Needs another year of development.** *February 8 (@ GraysonCollege-TX)* …STARTER…**Not a very good offensive threat.**

2023-2024…November 10 (AngelinaCollege-TX) …**STARTER**…Projected as a freshman at level 8/7?. Post defense needs to get better. Needs to be more active and move her feet. Very good length. Athleticism isn't great, but catches the over the top pass and was effective laying it off the glass. Reacted to the ball off the glass pretty well. Free throw form is good. Has a strong drop step move off the post position. Has good jumping ability. Has good hands.*January 10 (@GraysonCollege-TX)* …**STARTER**…Through 13 games, averaging 17.3 ppg 12.1 rebounds. Very good frame and great length. Has a very quick move off the post after receiving the ball to free herself up for the uncontested shot. Rebounds very well with good jumping ability. Went down with injury in early February and did not play the rest of the season. Has offers but no decision about next year at this point.

2022-2023…February 6 (@CollinCollege-TX) … STARTER…**Has started 17 of 17 games and is averaging 13.1 ppg while hitting almost 38% from three (40-109). Pull-up jumper from 15' of the dribble has good form. Sometimes hops to her left on her three point shot. Has put up 120 from three and hitting 35%. Struggles covering the quick guard on the perimeter. Not one to put on the floor and drive it to the rim. Active on both ends of the floor. Speed and quickness is good to very good.** *February 8 (@ GraysonCollege-TX)* …STARTER…**Has a decent frame but needs to get stronger. Lateral quickness is good but tough to handle the real athletic quick perimeter player.**

2023-2024…November 10 (AngelinaCollege-TX)…STARTER…Projected at level 7 as a freshman. Shot from three has good form. Free form is good. *January 10 (@GraysonCollege-TX)* …STARTER…Okay frame but needs more upper body strength. Pull-up jumper off the dribble from 15' has good form. Plays hard on both ends of the floor. Sees the floor well and delivers the pass. Seems to have a good feel for the game. Started the game strong but seemed to have faded in second half. Puts good zip on her passes. Has the lateral quickness to cover well on the perimeter and anticipates well. Shot it well from the charity stripe, but mid-range and three shooting needs to get better.

2020-2021 … March 15 (WeatherfordCollege) …**Left-handed undersized post player who needs to drop 15-20 pounds but has very good strength. Length is good. Has good hands. Unable to cover away from the basket. Effective around the basket. Mobility will surprise you. Free throw needs adjustment. Needs to develop better touch around the basket. Can run the floor but doesn't run it hard. Uses her body well inside when posting up. Free throw form is good. Very good hands. Back to basket move is primarily to her right shoulder, but does nice job of fading away on her shot against taller defenders. Seems to have good basketball I.Q.**

2021-2022…November 1 (BlinnCollege-TX) …**Still needs to tone and drop a few pounds around the middle and hips. Drives it hard to the basket and uses the board well. Very clever down on the low block against taller defenders to get her shot off, although shot selection at times is questionable. But when she is under control can be very effective offensively. Went 6-9 from the field in this game.** *November 26 (BossierParishCC-LA)* …**Averaging 14 ppg and 8 Rebounds coming into this game.** *February 7 (Grayson College-TX)* …**Undersized lefty post player. 04-12-22 PER COACH: OPEN AND LOOKING, GRADES NOT WHERE THEY NEED TO BE.**

2023-2024…November 10 (AngelinaCollege-TX) …STARTER…Did not play last season, and eval in BLUE is from the 21-22 season while the eval in GREEN is from 20-21. Projected her at level 7 while at Ranger College (TX). Still could stand to drop a few pounds, although looks as though she has dropped some from two seasons ago. *January 10 (@GraysonCollege-TX)* …In 12 games, is averaging 14.1 ppg and 11 rebounds. STARTER…Can run the floor if she wants to, want to isn't always there. Strength is very good. Crafty undersized post player who can also step out and shoot mid-range and even some three, although conversion rate from beyond the arc needs to improve. Strength and nose for the ball gets her rebounds.
