2023-2024...February 26 (TrinityValleyCommunityCollege-TX) ...Frame is very good but needs to get stronger. Floor speed is above average. Average average jumping ability. Above average athleticism. Executed nice pivot move off the post, but needs to elevate more on her shot. Free throw needs slight adjustment. Needs to play more on the side defensively to keep the entry pass from coming into the post player she is defending and then not plant herself and keep her feet moving. March 13 (CoastalBendCommunityCollege-TX/RegionalTournament) ...Doesn't have great athleticism.																						
2024-2025...November 8-9 (CollinCollege-TX/SouthPlainsCollege-TX) ...STARTER. Projected at level 7 as a freshman. Running the floor better than she did as a freshman. Executed post moves that had not seen previously and finished. Posts up big but needs more foot movement to keep defenders on her hip. Free throw form is good. Struggles defensively against the athletic quick post player. Game needs to be more aggressive as she plays a little too soft. Size will get her the rebounds, but by being more aggressive could get 10+ every game.

2023-2024...November 2/18 (RangerCollege-TX/SouthernArkansasUniversityTech) ...Really small point guard with excellent speed and quickness. Plays very good perimeter defense. Needs to get better going left on the dribble. Struggles distributing on the fast break, and part of it is due to her small stature. Turns it over too much. November 27 (@RedlandsCommunityCollege-OK) ...CANCELLED January 15 (HowardCollege-TX) ...STARTER...Does not shoot the three well. For her size will get some hustle rebounds. February 19 (SouthPlainsCollege-TX) ...Has explosive quickness to the rim from the perimeter. Shoots her free throw off the side of her face. Did not observe anything that would change her projection.																						
2024-2025...November 8-9 (CollinCollege-TX/SouthPlainsCollege-TX) ...Projected at level 8 as a freshman and stats and evaluation is from her time at Clarendon College. Rotation is off on her shot, and has not proven herself to be a good shooter. Stats as a freshman are indicative of this and through 5 games off the bench is 7-25 from the field and only 2-11 from three. Has been to the line 6 times and only converted 1 at this point. Needs to get stronger. Speed and quickness is very good.

<b>2023-2024...November 10 (TempleJuniorCollege-TX) ...Slender 2 guard who needs more strength and weight. Length is very good. November 24/25 (ThreeRiversCommunityCollege-MO/SouthPlainsCollege-TX) ...STARTER...Primarily looks to score from three and form is okay. Lateral quickness is a little suspect and covering the quick wing a challenge. Needs to get lower in her stance and play with more aggressiveness. Lack of strength hurts her when defending the drive and when ball is down low as she gets bumped and can't hold position. Lateral quickness is above average. Runs the floor well. Athleticism is good. Free throw form not bad but needs to get her toe up to the line.</b>																						
<b>2024-2025...November 8-9 (CollinCollege-TX/SouthPlainsCollege-TX) ...STARTER. Projected at level 7 as a freshman. Has the ability to put on the floor and get to the rim and use her off hand to lay it in the basket. Observed better floor speed than previously seen and would call it very good. Does a good job of pushing the break. Good form on her free throw. Shot from three has good form, but seemed to struggle in these two games scoring as she did in the first 3 games.</b>

<b>2023-2024...November 10 (TempleJuniorCollege-TX) ...Lefty who needs to get stronger and add a few pounds. Speed and quickness is good. November 24/25 (ThreeRiversCommunityCollege-MO/SouthPlainsCollege-TX) ...Off the drive to the rim, used her right hand on the little 6' floater very nicely. Shot from three has too much arm in it and needs to be a little higher in the pocket. Shoots her free throw the same way and sort of pushes the ball from her chin toward the basket. Needs to bring up through her face higher and use wrist and finger snap. March 13 (CoastalBendCommunityCollege-TX/RegionalTournament) ...Speed and quickness is good to very good.</b>																						
<b>2024-2025...November 8-9 (CollinCollege-TX/SouthPlainsCollege-TX) ...STARTER. Projected as a freshman at level 8/7?. Has no reluctance to put up the three but not sure how consistent from there she is. Still needs to get a lot stronger and add some weight. Quickness is good but not point guard quick. Did not see her put it on the floor and drive it. Did not shoot the ball great as a freshman, and thus far this season, not connecting at a better percentage as well. Shooting less than 20% from the field and has put up 71 shots in the five games.</b>

<b>2024-2025...November 8-9 (CollinCollege-TX/SouthPlainsCollege-TX) ...STARTER.</b> Very good quickness and can get by her defender and create her shot but not sure how good a shooter she is. Form on her three is good. Needs more upper body strength. Ball-handling skills need work. Athleticism is good. Jumps well. Length is good. Saw some upside and will watch her progression.
